26SS Collection

Emotion in Layers / 겹겹의 감정을 입다

Inspired by tulips - the flower of May that speaks of togetherness
— the TIBAEG 26SS collection unfolds the delicate beauty of connection and layered emotions through fabric and silhouette.

At first glance, tulips may seem simple. But look closer, and you'll find their petals gently layered—just like the quiet, overlapping emotions we carry within.

TIBAEG is a soft-contemporary brand that translates delicate human emotions into vibrant, graphic clothing. Just as a tea bag gently infuses its colors and scent, TIBAEG creates an immersive experience through wearable poetry. Inspired by nature and rooted in artistic sensitivity, the brand is committed to sustainability and thoughtful design — using eco-friendly materials and minimizing waste.

Beginning with the 26SS season, TIBAEG launches “951 TIBAEG” — a refined, high-end line inspired by the delicate depth of flower tea steeped at 95°C for one minute. This elevated edition distills the brand’s signature emotion into a more polished, global expression.
